Scale: 1 : 700

Dwg. No.: 4100W

LAMPSON INTERNATIONAL L.L.C.

Lampson Manitowoc 4100W Crawler Crane

This crane has been re-released by Lampson Australia as the M4100 Millennium Series. This means that our 4100 fleet has been redesigned to be more efficient, safer and harder working than other 4100 models.

The M4100 is fully self erecting with hydraulic rams and extra winches.

This crane is part of our millennium series which also includes other models like M4600, M4000 and M3900.

Not all of Lampson's Manitowoc 4100's have been updated to millennium status.
